iLink Hi-Speed USB

### 1. Digital Optical Output

To DACs, digital amplifiers.

### 2. Jitter Elimination Technology® (JET)

Jitter Elimination Technology® (JET) eliminates data related jitter in the SPDIF connection.

*Tip: It is likely JET will improve the sound of your system, so normally leave it ON.*

### 3. Super Digital Coaxial Outputs

To DACs, digital amplifiers. The NORM output provides standard level SPDIF output and the HIGH output provides an enhanced SPDIF output level.

*Tip: It is likely the HIGH output will improve the sound of your system, so normally use it if your DAC supports it.*

*Tip: The Super Digital Coaxial Outputs have lightening fast rise time, truly*

*balanced design, with perfect impedance matching and full galvanic isolation to minimise jitter. The Super Digital Outputs will provide a better performance than the Optical Output.*

### 4. USB Input

From computer.

*Tip: MAC OSX and Linux has built-in native support for the iLink.*

*MS Windows (XP or later), please download and install the driver software BEFORE connecting the iLink to the computer ([www.ifi-audio.com](http://www.ifi-audio.com)).*

*Tip: When using iPad/SqueezeBox Touch or similar, ALWAYS connect and power on ALL other devices before connecting the USB cable to the iDAC/iLINK as the final step.*

warranty

In order to activate the warranty for this iFi product, you must register with the iFi website.

Component :

Serial no:

### Terms & Conditions

iFi guarantees that this iFi product shall be free from defects in materials and workmanship for a period of 1 year for parts and labour.

The warranty period begins at the date of retail sale by an authorized iFi distributor/dealer and is subject to the following requirements and understandings:

- It is the responsibility of the buyer within 30 days from the original sale, to register and activate the product warranty with the iFi website.
- The original invoice must be produced for authentication prior to any warranty claim.
- The iFi product must not have been modified in any manner whatsoever, or the warranty will immediately become void.
- The iFi warranty is only valid in the country of original sale.
- The product must not have been stored in a humid environment; nor subjected to weather, water, or saltwater spray.
- iFi shall not, under any circumstances, be liable for any incidental or consequential damages arising from the loss of property or other damage or losses due to the failure of an iFi product. iFi is not liable for loss of use or inconvenience caused by the failure of an iFi product. iFi is not liable for damage caused to other audio components because of the failure of an iFi product.
- During the warranty period, iFi will repair the product to working order, or, at iFi's option, replace the defective module with a similar available product.
- All repairs performed after expiry of the warranty period will be charged to the owner and will carry a 180-day warranty on parts and labour. The customer is responsible for shipping the unit to the iFi distributor in the original packaging. This includes the payment of any shipping charges and related taxes.
- Should any warranty issues arise, the decision of iFi is full and final.
